INSPECTION TABLE **TAB**

Main Features

This sorting table is intended for manual fruit sorting.

For nuts, it's used to separate the good from the bad nuts. It's also used to separate the shells from the kernels after breaking.

The height of the table and the speed are adjustable in order to offer you maximum working comfort.

Technical characteristics

	TA1		TA2	
	TA10001	TA10002	TA20001	TA20002
